6 Reasons To Choose Aluminium Kitchen Cabinet ?

Water Resistance

Our Aluminium Cabinets are resistant to water as they are made out of Aluminium extrusions and HPL sheets.

Fire Resistance

Withstand High Temperature because of properties of HPL sheets and aluminium extrusions.

Anti-Termite

As Aluminium Cabinet Is Made Out Of Anti termite Material Leaves No Space For The Pest Infestation.

Durability

Light But Very Strong. Aluminium Cabinet are durable and withstand test of time.

Easy Maintenance & Care

Aluminum Cabinet Are So Easy To Maintain, Just Wipe Your Cabinet With A Damp Cloth And You Are Good To Go!

Recyclable & Eco friendly

Aluminium extrusions used can be recycled and reused and are eco friendly because of reduced dependence of cutting trees.

Reviews

what our clients have to say about us?

Kitchen interior work done by Ujwal is excellent. They provided a sample image of final finishing before execution as how the kitchen will look. Very professional. Completed the work within time at reasonable rate. Highly recommended.

(Suhas Nayak)

Clean professional work.
Well staffed &
experienced team.

(Vijailaxmi)

"Good service, prompt
work, professional
work"

(Dr.Sudha rao)

They were professional, friendly knowledgeable &
helpful.

(Reshma Sanil)

They have done a very good job with our wardrobe and kitchen .The finishing is very good.Clean and neat job. They take into account each and every detail as per our requirement and do the needful.They do the work within the time as they mention.

(Avinash Shettigar)
